

HEPTech & DESY present:

Academia-Industry Matching Event on High Energy Lasers

12th - 13th November 2014

DESY, Hamburg, Auditorium

Main Topics:

- Academia-Industry Collaboration:
How to create succesful partnerships
- Large research infrastructures and
programmes
- Next generation of laser beam
technologies
- Developments by academia and
industry
- Requirements and challenges
- Capabilities
- Success stories

Invited Speakers:

Ric Allott, CLF
Jürg aus der Au, High Q Laser
Ceri Brenner, CLF
John Collier, CLF
Friedrich Dausinger, Dausinger and Giesen GmbH
Helmut Dosch, DESY
Claus Emmelmann, LZN, TU Hamburg-Harburg
Adolf Giesen, DLR
Ales Hala, ELI Beamlines
Ingmar Hartl, DESY
Franz Kärtner, DESY
Nikolai Kashaev, HZG
Georg Korn, ELI Beamlines
Jens Limpert, Helmholtz Institute Jena
Antonio Lucianetti, HiLASE
Torsten Mans, Amphos
Thomas Metzger, TRUMPF Scientific GmbH
Eric Mottay, Amplitude Systemes
Zulfikar Najmudin, John Adams Institute
Karoly Osvay, ELI ALPS
Robert Riedel, Class 5 Photonics
Wolfgang Sandner, ELI
Andreas Stingl, FEMTOLASERS Produktions GmbH
Róbert Szipöcs, Wigner RCP
Ioan Ursu, ELI-NP

Online registration open until 5th November 2014
